

Next Steps

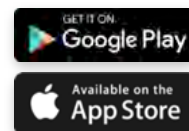

Using ImPACT Passport app

You have recently completed ImPACT Baseline Test to be proactive about your health.
Now what?

Due to their clinical nature, trained healthcare providers are the only ones who can access your full test scores. Your ImPACT Passport ID is the key that will help them find your clinical data when you suspect a concussion and need a post-injury test.

3 STEPS TO TAKE AFTER YOUR BASELINE TEST

1 Download your ImPACT Passport app:
ImPACT Passport is available for download at Apple App Store and Google Play.

2 Locate your ImPACT Passport ID:
You can find it on your test completion screen or in your email, if you chose to send it there. Scan the QR code to automatically upload it to the ImPACT Passport App.

3 Use the app to find a concussion care provider:
Share your unique ImPACT Passport ID with them so they can access your testing scores.
