

Patient Driven Concussion Care

Your patient understands the importance of being prepared if a concussion happens. For this reason, they recently took an ImPACT Baseline Test - so you can have access to their healthy brain function scores in the event of a concussion.

Now it's your turn! Here's how you can make sure you're prepared with post-injury testing when concussion patients need your help:

3 STEPS TO GET STARTED WITH POST-INJURY TESTING

1 **Become an ImPACT Applications provider:**
Add validated concussion care tools to your practice that can help your patients.

Pick a tool:
ConcussionManagement.com/Products

2 **Get concussion care training:**
Learn how to interpret ImPACT Applications clinical reports.

Get trained:
ConcussionCareTraining.com

3 **Start offering best in class concussion care:**
Become a go-to concussion care provider in your community.
